HSC Workshops 2017

Student Tutor Network- Central Coast region

What are your HSC Workshops?

Our HSC Workshops are full 6 hour events held for HSC Students wanting to get that extra assistance in preparations for their final exams.

This is the 4th year we have run these sessions on the Central Coast. These sessions have been very successful in previous years where we were able to work closely to our private clients as well as with High Schools here on the Central Coast.

Included in the sessions is:

- 6-hour session
- Small groups
- Study Booklet
- Content teaching as well as Question training
- Online Support after the sessions
- Access to non-academic support for future career choices or university advice

What subjects do you have HSC Workshops for?

- English (Standard, Advanced & Extension)
- Mathematics (General, Advanced & Extension)
- Senior Science
- Chemistry
- Biology
- Physics
- Legal Studies
- Business Studies

Why should I choose these Workshops in comparison to the other Workshops held at Universities?

- We run very **small groups**- we run a maximum of 15 students in one subject Workshop

About Student Tutors

Student Tutors consists of exactly what the name contains; students. All of our tutors are either commencing or in the midst of University study. With tutors from the disciplines of Medicine, Biomedical Science, Law, Business, Engineering and Psychology, it can be seen that each of us have successfully completed our own schooling endeavours and continue to complete some sort of education.

The proprietor of The Student Tutor Network, Ashley, has been tutoring for over 7 years and had formed the business to be able to give other students like herself the opportunity to help others while studying.

As of today, we have over 260 tutors over 12 regions spanning to three states; NSW, QLD and the ACT.

- Our presenters are very good at making students feel **comfortable** and always assure everyone feels included during the day
- We are **based here on the Coast** and are all locals from the Central Coast- support small local business!
- We also offer non-academic **support** such as career and university guidance and mentorship for our students
- We provide **booklets** that support and direct your study
- We offer **online support** after the session so if you have a question, you can contact us up until your exam

What is a typical day in a HSC Workshop like?

Normally, we run the sessions over 3 sessions, allowing for breaks in between study. For Example:

9am- 11am: Session 1

11.30am-1.30pm: Session 2

2pm- 4pm: Session 3

Over these three sessions, we aim to cover the most important components of the course to allow for students to assure they are both confident and competent in a majority of the subject.

Our facilities we run our sessions at have access to amenities and cafes.

Who runs the Workshops?

At the Student Tutor Network, we have a wide variety of staff. Some of our tutors are qualified teachers and some are experienced tutors, most often in the midst of University study. All staff that run these Workshops are either very experienced tutors or qualified teachers. We are all cleared as safe to work with children, under the Working with Children's Check and are all specially trained to run these Workshops.

As well as teaching these sessions, our main organizing committee and Workshop creators include HSC Examination markers as well as HSC Textbook Authors.

What dates are the HSC Workshops on?

Our HSC Workshops are run from the **3rd to the 13th of October**. Once we take preliminary bookings we decide what dates to run the session based off client availabilities and preferences. We really do try to accommodate to our clients.

Do you work with schools?

Yes, we do!

We work with schools quite often and we have great relationships with many high schools here on the Central Coast. If a class teacher, year adviser or student is interested in having sessions at their school, feel free to contact us via phone on 0431 438 914. We often discount these sessions run at schools.

What are the costs?

We charge \$120 for the entire Subject's Workshop. This is paid before the session takes place. Groups that book together and schools that organize bookings do attract a discount.

I would like to speak with someone about this, who do I contact?

Feel free to contact Kate, our Executive Manager for any further information regarding our HSC Workshops. Our contact details are below:
